					Charged per child \$1,935	645	645

### SCHOOL BASED FEES

*School fee payments are charged annually, with payments made in 3 equal instalments*

School based fees cover Technology, Resources and Activities used to support learning in all subjects and any co-curricular activities. Schools also charge fees that go toward resources that may include excursions, cost of buses, photocopying, utilities, maintenance of buildings and grounds, camps and reflection days. As the cost of these activities and resources are subsidised by the college, there are no refunds if an individual student does not attend a particular activity. The only exception to this policy is the situation where a student is genuinely unable to attend a 3 day camp or retreat for a legitimate reason that is provided well in advance.
